Dear Customs and Border Protection Officer,

Cornell University (Ithaca and Cornell Tech campuses), will be on a hybrid academic plan for the spring 2022 semester. The first two weeks offered on-line to allow students to arrive and isolate, if COVID positive. Following this, classes will be offered in-person.

International students are expected to arrive at the beginning of the spring semester in order to comply with testing and potential isolation or quarantine. Compliance with the testing program will be an absolute requirement for all students, whether living in on-campus housing or in the local community.

We request your help in allowing entry of our international students into the U.S. so that they can participate in their academic program.

Please contact our office if you have any questions regarding this matter or the student's status.

Thank you for your understanding during these stressful and unpredictable times.

Sincerely,

*Laura Taylor*
